Agency: 005 - Department of Agriculture **Bureau:** 55 - Rural Development

- 1. Name of this Investment:** RD-Commercial Loans, Grants & Guarantees (CLGG)
- 2. Unique Investment Identifier (UII):** 005-000003415

Section B: Investment Detail

- 1. Provide at least one Agency Strategic objective code ([A-11 Section 230](#)) and/or Agency Priority Goal code ([A-11 Section 250](#)) that this investment aligns to on performance.gov. If this investment aligns to more than one Agency strategic objective code and/or Agency Priority goal code list all that apply. If your agency does not report to performance.gov please use "0". This is required for Agency IT Portfolio Summary Part 1 and Part 2 Investments, not for Part 3 Investments.**

Agency Strategic Objective(s):

005SO18288: Expand rural business opportunity and rural quality of life with access to capital; improved infrastructure, broadband access, and connectivity; and support for workforce availability.

Agency Priority Goal(s):

- 2. Briefly describe the investment's return on investment, including benefits internal and external to the government and outcomes achieved or planned.**

The CLGG investment is comprised of over two dozen information systems and applications, which together represents the core technology enabling, performing, and fulfilling over 40 mission critical RD Rural Housing Service (RHS), Rural Utilities Service (RUS), and Rural Business-Cooperative Service (RBCS) commercial loan, guarantee, and grant programs. These programs include the Multi-Family Housing (MFH), Community Facilities (CF), Business and Industry (B&I), and Broadband, Electric, Water and Environmental (WEPE), Telecommunications, and Energy utility related programs and the services these programs provide to rural America. Without the CLGG investment, RD RHS, RUS, and RBCS would not be able to function, operate its programs, deliver its services, help create jobs and businesses, and fuel the economies of rural communities across the United States. Without the CLGG IT investment, RD

would not be able to fulfill its mission. CLGG's life cycle quantitative ROI is dependent on the cumulative life cycle benefits including the economic benefits of RD's 40+ mission critical commercial oriented RD programs. The life cycle benefits of these programs on creating and saving jobs, growing and sustaining businesses, and fueling the economies of rural communities across the U.S. is incalculable. The qualitative ROI of the CLGG investment is achieved through the prosperity and economic opportunities achieved in rural communities through the successful operation, management, and performance of the RD's RHS, RUS, and RBCS commercial loan, guarantee, and grant programs and services. These programs help create jobs, support the establishment and growth of businesses, and fuel the economies of rural communities across the U.S. Continued funding of the CLGG investment will allow RD to operate and maintain RLGG systems and applications as well as implement critical CLGG digital transformation and modernization initiatives as the architecture and technologies of the CLGG systems, sub-systems, and application are antiquated, inefficient, and difficult and costly to operate and maintain. The planned outcomes and benefits of the CLGG investment will allow RD to: Deliver more efficient and effective commercial loan, grant, and guaranteed customer-facing technology, services, and value-added data intelligence tools. Enhance the commercial loan grant, and guaranteed business functions including origination, servicing and monitoring, disposition, and management reporting processes. Improve property identification and marketing for resale services. Refine the commercial rental assistance process. Boost the obligations, cash transactions, disbursements, and collections processes Increase interfaces with related institutions (banks, credit bureaus, etc.) Heighten the loss management processes. The performance of the CLGG IT investment and the delivery of the planned and actual CLGG outcomes and benefits, as described above, will be captured and reflected in Table D.1, which will demonstrate how the CLGG ROI is being managed, delivered, and realized.

3. **If this investment will result in the elimination or the reduction of another major or non-major investment(s), please complete the following:**
