Agency: 005 - Department of Agriculture **Bureau:** 03 - Office of the Secretary

1. Name of this Investment: DA-OCX-Contact Center

2. Unique Investment Identifier (UII): 005-000003326

Section B: Investment Detail

- Provide at least one Agency Strategic objective code ([A-11 Section 230](#)) and/or Agency Priority Goal code ([A-11 Section 250](#)) that this investment aligns to on performance.gov. If this investment aligns to more than one Agency strategic objective code and/or Agency Priority goal code list all that apply. If your agency does not report to performance.gov please use "0". This is required for Agency IT Portfolio Summary Part 1 and Part 2 Investments, not for Part 3 Investments.**

Agency Strategic Objective(s):

005SO18001: Modernize information technology infrastructure, facilities and support services to improve the customer experience.

005SO18002: Maintain a high performing workforce through employee engagement and empowerment.

005SO18261: Reduce the regulatory burden and streamline processes.

Agency Priority Goal(s):

005APG18001: Improve the Customer Experience at USDA

005APG18002: Modernize USDA's Information Technology

- Briefly describe the investment's return on investment, including benefits internal and external to the government and outcomes achieved or planned.**

USDA is embarking on an effort to standardize contact center technology and processes by investing in an enterprise Customer Relationship Management (CRM) tool, a centralized Knowledge Management System (KMS), and a telephony solution that will be shared across all mission areas. An investment in an industry-like, best-in-class contact center will lead to improved operational efficiency while optimizing the customer experience. Over time, this investment is predicted to realize a significant ROI in the form of improved customer satisfaction and an unprecedented trust in the agency

because customers will receive accessible, accurate, timely and professional responses to their inquiries via their preferred method of communication (e.g., phone, email, chat, social media or in person). The agency plans to reinvest money currently spent on disparate contact center programs towards continuous improvement of the OneUSDA CC, including an effort to continually expand the centralized knowledge base increasing the self-help capability, as well as integrating innovative improvements like artificial intelligence where it makes the most sense. It is anticipated that cost savings will be realized when there is less dependency on highly paid resources to resolve repetitive inquiries.

3. **If this investment will result in the elimination or the reduction of another major or non-major investment(s), please complete the following:**

Table I.B.1 Affected Investment Information	
Investment UII	To Be Status
NONE	

4. **Does the Investment currently include an intra- or inter-Agency shared service (common, shared, or centralized solution)?:**
NO
5. **Does the Investment plan to include an Intra- or Inter-Agency shared service that it does not currently include (common, shared, or centralized solution)?:**
YES
6. **If systems contained in this Investment collect data from the public, please identify the OMB Control Numbers which authorize that data collection as per the Paperwork Reduction Act. Use [Reginfo](#) at the following link to identify information collection requests and OMB control numbers. Agencies can work with their Records Officers to determine the applicability.**
7. **Provide the name of the Investment-level project manager:**
Simchah Suveykebogin
8. **Select the qualification/experience level of the Investment-level project manager (select one):**
8 - No certification, but with between 2 and 4 years PM experience (within the last five years)

Section C: Life Cycle Costs

1. Provide the total estimated life cycle costs for the investment in millions. Note: Do not enter information in the grey cells as these will be calculated.
